## María Cienfuegos

As a global company well-known for its innovativeness, Chocolate World wanted to pay a tribute to the small city of Baracoa, its 500-year chocolate tradition and its unique position as being part of the chocolate trail, but especially to the people of Baracoa.

The idea was launched to create an exclusive Cuban signature mould with a Cuban artist. María Cienfuegos Leiseca was selected and she was much honoured to become a Chocolate World Ambassador by creating – assisted by the young Belgian chocolatier Jitsk Heyninck – her own signature mould, inspired by the Cuban chocolate tradition.

The concept finally adopted, consists of a unit of 4 separate tablets which will enable the chocolatier to combine different Cuban flavours into one delicious creation of his own.
