Come utilizzare gli stampi? Con un qualsiasi prodotto spatolabile, come una crema alla nocciola o al pistacchio, con una gelée di frutta oppure direttamente con il gelato. Abbattere il prodotto per consentire un perfetto smodellamento dallo stampo. È possibile decorare il top a piacimento con un delicato effetto velluto, una glassatura o al naturale.

How can you use the moulds? With every type of creamy product, like hazelnut or pistachio cream, with a fruit glée or even directly with gelato, to create a perfect moulding. Cool down in the blast chiller to pull the product out of the mould. Decorate the top with a delicate velvet effect, a glaze or just leave it natural.

Gli stampi in silicone per creare originali e accattivanti texture da posizionare sulle vaschette gelato. Un colpo d'occhio fantastico per le vostre vetrine.

Silicone moulds to create original, interesting textures on gelato pans.

A fantastic eye-catcher for your windows.
